Inmate Transport/ Escorting Inmates Contest

Learning Objectives for Inmate Transport/ Escorting Inmates

Correction Services Student will be able to: Identify reasons for escorting inmates. Recognize risks associated with movement and how to defend against them. Define the idea of security in a non-secure setting. List types and demonstrate proper use of restraints.

Reasons for Inmate Movement – Outside the Secure Perimeter

The greatest risk occurs when we move inmates outside the containment of the facility.

Below is a list of reasons why such movement is necessary:

- **Court appearances**
- **Transfer to another correctional facility**
- **Medical Emergencies**
- **Scheduled Doctor Appointments**
- **Funerals**
 - When immediate family members of an inmate have deceased, the inmate may be permitted to attend funeral services.
- **Seriously ill family members**
 - On seldom occasions, inmates may be allowed to visit family members who are suffering from serious or life-threatening illnesses.
